FULL STACK DEVELOPER(MERN)

📞 9961573315 @ dps63660@gmail.com 🔗 [Linkedin](#) 📍 Thiruvananthapuram, Kerala

EXPERIENCE

Intern in MERN Stack

Brototype

📅 06/2024 - 03/2025 📍 Thiruvananthapuram, Kerala

A company specializing in web and application development.

- Built a responsive and dynamic e-commerce platform using Bootstrap, EJS, and Node.js with MongoDB for data storage.
- Integrated secure user authentication with JWT/Passport.js, password hashing via Bcrypt.js, and file uploads using Multer.
- Developed features like product management, shopping cart, wishlist, discounts, coupons, and order management with an admin panel.
- Enabled seamless API interactions using Axios and secure payments through Razorpay integration.
- Demonstrated expertise in JavaScript, Express.js, RESTful APIs, and end-to-end web application development.

Site Engineer Trainee

Sree Dhanya Homes

📅 09/2023 - 03/2024 📍 Thiruvananthapuram, Kerala

A construction company focusing on residential projects.

- Worked on the dynamic and creative projects at Sree Dhanya Homes with over 7 months of hands-on experience in overseeing civil engineering construction.
- Duties included site supervision, planning, and coordination of on-site activities, ensuring all aspects of the project aligned with engineering and design specifications.

EDUCATION

B-TECH(CIVIL ENGINEERING)

LBS Institute of Technology for Women

📅 08/2019 - 06/2023 📍 Thiruvananthapuram, Kerala

12th Board

Navajeevan Bethany Vidyalaya

📅 06/2018 - 03/2019 📍 Thiruvananthapuram, Kerala

10th Board

Navajeevan Bethany Vidyalaya

📅 06/2016 - 03/2017 📍 Thiruvananthapuram, Kerala

SUMMARY

I am a Full Stack Developer who transitioned from civil engineering to web development. With expertise in JavaScript, Node.js, and MongoDB, I've built user-centric applications and have a strong foundation in both front-end and back-end technologies. My achievements include being a two-time Best Performer awardee during my early career, showcasing my dedication to excellence and continuous learning.

STRENGTHS

Problem-Solving Skills

Strong ability to solve complex problems and optimize performance with advanced algorithms.

KEY ACHIEVEMENTS

Best Performer Award

Awarded two-time Best Performer within my first seven months of career.

SKILLS

JAVA	DSA	JAVASCRIPT	
Axios	bootstrap	CSS	OOPS
express.js	Git	Github	html5
Java	Javascript		
Good Communication		MongoDB	
REACT	node.js	OOP	
Passport.js	Product Management		
Team Collaboration
